Mrs. J. Winkler, Fr. Shockton, Tex Three years ago my little girl. Angela, was taken sick with scarlet fever and later dropsy set in; her face and limbs swelled and her eyes puffed. A leading physician here at the time, treated her without the slightest success. A sample of your Swamp-Root baving heen left at the house at the time, I resolved to try it, and as it agreed with her stomach I continued using it with gratifying results. The inflammation hegan to subside after she book two large hottles and after she took two large hottles she was pronounced cured by the dottor and has been in good health ever since. The doctor came to see her every fay and examined her every second day until he myonounced her kidneys in perfect, condition.

Now then the doctor was under the impression that I was giving my girl his medicine, but as his medicine had falled to do a bit of good, and desirally not to offend him. I did not tell him I was giving her Swamp-Root, and have always felt that Dr. Kimp's Swamp-Root saved my girl's life, for which I am synafeful.

I cannot praise it too highiy.

Very truly,

urday. The company's bid was \$572,900 which includes wiring and plumbing.

The formul acceptance of the bid followed the approval of the report of the external committee finding favorably as to the company's responsibility. Only Union Labor.

only fules Labor.

The following letter from the American Construction company was read:

This is to confirm our conversation that, in the event, we are awarded the contract for the completion of the El Paso ligh school, it is our intention to use El Paso labor throughout, insofar as it is sufficient and competent to enable us to comply with the specifications and the terms of our contract and we do not expect to import any labor or forces, except our superintendents, foremen, and clerical force. It is also the universal custom of this company to emptoy union labor for all crafts.

McCheaney Gets Plausing.

It was the desire of the board that the company employ L. P. McCheaney of El Paso for the plumbing work at his bid of \$25.55. The company in a relegram received Monday, stated it was willing to do if Mr. McCheaney as willing to do if Mr. McCheaney for El Paso for the plumbing with a relegram received Monday, stated it was willing to do if Mr. McCheaney in a relegram received Monday, stated it was willing to do if Mr. McCheaney makes satisfactory bond.

Following the arreptance of the bid the external committee and the president and secretary, acting with Frost. A Prost, architects and Burges & Burges, attorneys, were authorized to enter into contract with the American Construction company.

The contract for the heating equipment of the high school was awarded to the Elliott Engineering company of the Paso, whose general bid of \$52,370, was the lowest submitted.

J. L. Campbell's Arriefe.

J. L. Campbell's Arricle.

There was considerable discussion of the article signed by J. L. Campbell appearing recently in the Times in which Mr. Campbell stated that he had been informed of some faulty construction in the concrete work already done on the high school building. The following letter to Mr. Campbell was read, with the request that it be given publicity:

licity:

In a signed article in the morning paper headed "The Kigh School Building," you make some statements that, if correct, it is your Building. you make some statements that, if correct it is your duty as a max-payer and citizen to give the school board full information, and this is to havite you to be present Monday night at the school board meeting and lay hefore it any facts that you may have that will enable us to find out if either are defect, as you have been informed, in the construction of the frame work of the building.

We will very shortly pay the contractor who has been doing the work and, before accepting the building should like any information from any and all citizens who know of any defective construction.

Therefore, as one member of the board, and chairman of the external committee we shall be glad to have you present in executive session if you wish, then notify us of your source of information.

The letter was signed by C. E. Stens, chairman of the executive constitute. Mr. Campbell gill not attend he meeting.

Good bread-whynot? You've been used to eating breadmade the lard way. It has been pretty good bread-but not the best bread. The really best bread is made with Crusto.

Not a substitute for lard but better than lard. In the first place it is flavorless, tasteless and odorless-it is pure and sweet. It acts as the binder, enrichener and shortener that you've used lard for-but it does it all better. We can't describe it further. Try it and taste the description.
